WHAT IS **STACKS**

- Responsive Website Content Management System (CMS)
- Seamless, turnkey integrations
- Mobile apps available for iOS and Android via Stacks Mobile
- Built specifically for libraries

FOCUS ON **USABILITY AND DESIGN**

- Easy to use administration interface
- Plug and play *EBSCO Discovery Service* TM (EDS) integration
- Responsive design
- Promote programs and manage registrations in the same place people search, place holds, or access content
- All delivered in their preferred language
- Emphasis on accessibility

ANYTIME, **ANYWHERE**

- Optimal experiences on all devices
- Browse catalog and/or EDS
- Easily locate databases and full text content
- Read digital content online
- Place and cancel holds
- Check fees and fines
- Review and renew items out
- Online and in-app event registration
- Online and in-app room booking
- **And more...**

SOFTWARE **SUBSCRIPTION SERVICE**

Stacks is Software-as-a-Service (SaaS)

- No surprise costs make it easy to budget
- Never worry about expensive upgrades
- Save valuable resources with turnkey integrations
- Never worry about security issues or risks
- High availability cloud hosting with continuous deployment
- Updates & enhancements means your site stays new and fresh
- Seamless Google integrations
- **And more...**

VALUE FOR **CONSORTIA**

Stacks is scalable

- Affordable to implement across many locations
- Supports multiple domains or websites, each with unique look and feel
- Publish content to one, some or all sites
- Collaborate and share resources and expertise
- Granular user roles with moderated workflows

EBSCO |  Stacks

**MADE
FOR LIBRARY PROFESSIONALS
BY LIBRARY PROFESSIONALS**
